- The cost quote is valid for ninety (90) days from the date issued.
- All electrical services need to comply with the requirements of IPL Electric Service Handbook, current IPL policies and procedures and all state electrical codes.
- Unusual or unforeseen conditions may increase the project cost substantially. The applicant or member shall solely assume the risk of any and all increased costs resulting from any such unusual or unforeseen conditions. Should such circumstances arise during construction, the applicant will be notified of their options and cost to complete construction.

**To the best of my knowledge, information and belief, the information set forth within this application packet including, but not limited to the contribution and aid of construction option, is true, accurate and correct. In the event any such information is later deemed to be inaccurate or incorrect, Inland Power and Light reserves the right to recover the full amount of any resulting increase in costs and/or damages from the Applicant and Applicant agrees to pay the same.**

In order to prevent delays in scheduling your new service job and to avoid problems with recording your easement with the county, please read the following easement instructions.

- ***Do not alter or write in the margins, this includes your signature.***
- We cannot accept faxed, copied or emailed easements.
- For each easement; a copy of the recorded Statutory Warranty Deed, Deed of Trust or Quit Claim Deed is required to show proof of property or ownership. The documents must include the tax parcel number and legal description of property.
- **Do not print the easement double-sided.** Please print on two separate pages.
- Any attachments must have 1" margins on all four sides. Maps must be legible, black and white (no color) and not have any lines or dashes that cover the text. All fonts used must be legible.
- All legal property owners must sign the easement. (Those names listed on the Warranty Deed)
- The signatures must be notarized. (IPL has a notary available)
- Please inform your notary that the stamp must be legible and not placed over any part of the written document otherwise the county will not record the easement. The bottom 1/4 of the signature page is reserved for the notary stamp.

**Please note when printing the easement off our website, your easement will not be accepted if font is less than eight point, if any part of the text is not legible or if the margins do not meet recording specifications.**

**If the easement is not recordable your job will not be released to construction for scheduling until a proper easement is received.**
