Replacement Package: low-pressure regulator, nozzle, & rotating or multi-trajectory sprinkler	\$12/package		

step 4 Attach the following:

A copy of receipt or invoices itemizing the sprinkler parts, date & cost

GENERAL QUALIFICATIONS

This irrigation program has been developed to encourage energy-efficient equipment and design in irrigation systems. It is an opportunity for irrigation customers to receive a financial rebate and lower their electric bills. The rebates are designed to help cover a portion of the costs of repairing and replacing specific components that typically help the irrigation system use less energy. The rebate varies by the sprinkler component or part incorporated in your sprinkler system.

- Rebate application must be submitted within 90 days of installation.
- Qualifying equipment must be installed in IPL's electric service area.
- Applies to the purchase of specified replacement parts and components for your existing irrigation system.
- This system is used for irrigation of agricultural crops or pasturage.
- The designated sprinkler parts have been purchased for the sprinkler system at the specified metered service location.
- An itemized receipt or invoice identifying the new equipment purchased accompanies this rebate application.
- The rebate may not exceed the invoice amount for the measure, and shall not exceed the amount listed on the form. Labor, if included, must be shown in per measure cost.

step 5 Sign the terms & conditions

(Both signatures are required. If installed by the homeowner, the homeowner must also sign the installer section). I acknowledge that the product(s) described above have been purchased and installed at the location indicated. I understand that IPL provides the rebate incentives for measures that are designed to save energy but I acknowledge that estimated energy savings are not guaranteed and I understand that IPL has made no express warranties or representations with regard to these products or their installation. I acknowledge that I am responsible for meeting applicable code requirements, determining the adequacy of installation, and paying all amounts owed to contractors/suppliers. Further, I understand that this is a tarified service and subject to change or termination without prior notice. IPL reserves the right to inspect any installation prior to rebate approval and/or after rebate payment and I agree to provide IPL reasonable access for such purposes. I authorize IPL to release my customer account information, including my billing and energy usage information, to an independent, third-party evaluator solely for the purposes of evaluating this rebate program, confirming energy savings and for other quality assurance purposes. The disclosure of your private information will comply with IPL's privacy policy and state regulation.
