### Candidate statement:

I have a long history of public service including serving as a County Commissioner in Bonner County. Having been an Inland member since 1981. I am very familiar with the company and the excellent service I have received over the last 42 years. I have the skills to advance the objectives of Inland Power and foster good community relations. I operate very well in challenging situations and have always been in leadership positions including as a Marine Officer and an Airline Captain.

### Why do you want to serve on the board of trustees?

I want to contribute to the Board of Trustees and continue to serve the public.

### What strengths would you bring to the board of trustees?

Communication, leadership and local knowledge gained over the past 42 years. Working as a County Commissioner requires skills in dealing with other commissioners and the public. In addition, I have a world view and perspective having traveled to 103 countries and all 7 continents.

### The utility industry faces many challenges. Where would you focus your attention?

Maintenance of the Inland grid. I spent 22 years in the Marine Corps as a pilot and my full time job was Aircraft Maintenance Officer, as a result, I have a lot of problem solving experience.

### What else would you like the membership to know about you as a candidate?

I'm married to a wonderful wife who still works part time as a Pharmacist (WSU grad). I'm involved with the school district and work with students to promote aviation as a career.
