Inland Power

Your Touchstone Energy® Cooperative 

Dear Applicant:

Thank you for contacting Inland Power and Light and inquiring about a new or upgraded commercial business service. We have provided the following checklist to assist you in providing the correct documentation required to process your application. Additional information can be found in Inland Power's Electric Service Handbook at www.inlandpower.com.

- 1. **\$500.00 Non-refundable Engineering Fee**
We accept cash, check or money order.
- 2. **Completed Commercial Business Application**
Enclosed in packet.
- 3. **Copy of one of the following legal descriptions:**
 - Recorded Warranty Deed
 - Schedule A of Final Title Insurance Policy
 - Quit Claim DeedPlease attach to the enclosed easement; this will be used as Exhibit A.
- 4. **Notarized Easement**
Corporate Easement for Washington enclosed in packet. Additional easements are available at www.inlandpower.com or call (509) 252-4564. All legal property owners must sign this document **exactly as it appears on the property deed**. IPL has a Notary available. Any third party easements are the responsibility of the applicant to obtain and submit to Inland Power and Light. Inland Power will assist in the process of providing a blank easement for signature; however it is the applicant's responsibility to work with land owners. All easements will be recorded by Inland Power and Light.
- 5. **Plat of Project**
 - Electronic (Auto-CAD format required, email to craign@inlandpower.com) - IF APPLICABLE

Physical Address:
10110 W Hallett Rd.
Spokane, WA 99224

Please mail application to:
PO Box A

Service Requested

- Overhead Underground Single Phase 3 Phase Electrical Service Entrance Site: _____ AMP
 Multi meter install Existing service upgrade Line extension in excess of one mile

Notice to Developer

- A pre-design meeting may be required on all developments.
- Inland Power requires a minimum of eight weeks to process a design and complete an invoice after CAD drawing of final plat is received in our office. (Revisions made to original design will incur additional fees.)
- Quoted fees are good for thirty (30) days unless the initial design of the job changes.
- Line extension fees and required easements will be received by Inland Power before installation of facilities can be scheduled. Allow plenty of notice for scheduling as Inland may need to order material for your specific job, which can take several weeks to arrive.
- A pre-construction meeting with a developer, excavator and Inland Power is required before electric facilities are installed.
- * _____ (initial) I have reviewed and signed the attached excavation requirements and final grade certification.

I have read the above information and wish to request that Inland Power proceed to design and invoice me for the installation of electric facilities on the above referenced property.

NEW SERVICE APPLICATION

our mission is our members

In order to prevent delays in scheduling your new service job and to avoid problems with recording your easement with the county, please read the following easement instructions.

- **Do not alter or write in the margins, this includes your signature.**
- **We cannot accept faxed, copied or emailed easements.**
- **For each easement;** a copy of the recorded Statutory Warranty Deed, Deed of Trust, Quit Claim Deed or Schedule A Final Title Insurance Policy is required to show proof of property or ownership. The documents must include the tax parcel number and full legal description of property.
- **Do not print the easement double-sided.** Please print on two separate pages.
- Any attachments must have 1" margins on all four sides. Maps must be legible, black and white (no color) and not have any lines or dashes that cover the text. All fonts used must be legible.
- All legal property owners must sign the easement. (Those names listed on the Warranty Deed)
- The signatures must be notarized. (IPL has a notary available)
- Please inform your notary that the stamp must be **legible** and not placed over any part of the written document otherwise the county will not record the easement. The bottom 1/4 of the signature page is reserved for the notary stamp.

Please note when printing the easement off our website, your easement will not be accepted if font is less than eight point, if any part of the text is not legible or if the margins do not meet recording specifications.

If the easement is not recordable with the county, your job will not be released to construction for scheduling until a properly executed easement is received. This could cause long delays in the construction process.

IPL Work Order # _____

RIGHT-OF-WAY EASEMENT

KNOW ALL MEN BY THESE PRESENTS, that the undersigned (hereinafter called "Grantor")

Last, first, middle initial

Last, first, middle initial

for mutual offsetting benefits which are hereby acknowledged, do hereby convey and grant to INLAND POWER & LIGHT CO., a Washington Corporation (hereinafter called "Grantee") and to its successors, assigns, or permittees, the right, privilege and authority, to install, alter, bury, rephase, energize, chemically treat, operate, move, maintain, and remove electric transmission and distribution facilities, consisting of poles, cables, wires, and all other necessary or convenient appurtenances, to make said facilities an integrated electric system, as such specifications now exist and as hereafter changed in accordance with specifications adopted by the Grantee, to the extent necessary to install and maintain said electric system, which is located upon, under, over, and across the following-described lands and/or in or upon all streets, roads, or highways abutting said lands and premises situated in the County of

_____, State of _____, and more particularly described as follows:

Abbreviated legal description

Assessor's property tax parcel _____

Grantee, its successors and assigns is also granted the right, privilege, and authority to clear cut 10 feet each side of an overhead conductor and/or cut, remove and trim trees, brush, shrubbery and other obstructions to the extent necessary to keep them clear of said electric line or system and to cut down from time to time all dead, weak, leaning or dangerous trees that are tall enough to strike the wires in falling, or the branches thereof, to chip and spread branches and other foliage and to pile stack logs as necessary alongside the cleared right-of-way: and to license, permit, or otherwise agree to the joint use or occupancy of the line or system by any other person, association or corporation, for electrification, telephone, or communication needs.

It is agreed that areas over buried vaults, cables, and within the right-of-way shall remain free and clear of structures, barriers, building, trees, shrubbery and/or any other physical encumbrances except by written consent of Grantee.

Free access to all facilities over the Grantors adjacent lands will be allowed at all times. Grantee shall not be responsible for loss, replacement or damage of any improvements or other things below, over or upon such easement necessitated by the Grantee's use of this easement.

The Grantor expressly agrees that non-use or limited use of this easement by the Grantee does not demonstrate intent to abandon this easement. Grantee shall retain all rights, privileges, purpose and scope as conveyed and granted within said easement until such time when Grantee expressly notifies Grantor in writing that Grantee is vacating its electric transmission and distribution facilities.

PLEASE DO NOT WRITE IN ABOVE SPACE OR MARGIN.
