General Requirements & Specifications

- Must select a contractor from IPL's Contractor Network (*If your contractor is not on IPL's preferred contractor list, please call IPL conservation team at (509) 789-1801*).
- PTCS heat pump commissioning tests are required on all systems (Testing will be completed by contractor)
- New and existing manufactured homes assembled after 1977
- Homeowner installs do not qualify
- Equipment must be AHRI tested and certified (Provided by contractor)
- Duct sealing is recommended

Please see page three for more specific requirements

Payment

- Basic heat pump (HSPF 8.5/SEER 14): \$300
- High Efficiency or Variable Speed Heat Pump (HSPF 9+)
Existing Electric Forced Air Furnace adding:
 - High Efficiency model: \$1,000
 - Variable Capacity model: \$1,400
- New Construction/Replacement/Upgrade*: \$500
See page three for "upgrade definition"

Payment Type: Account credit Check

Please allow 4-6 weeks for processing

Documentation Requirements

Member Required Documents

- Completed rebate application (Incomplete applications, including missing documentation will result in disqualification)

Contractor Required Documents

- Contractor/equipment invoice showing:
 1. Manufacturer, model number, type, size and quantity of equipment installed
 2. Purchase/Installation date
- PTCS Air Source Heat Pump Form provided from your contractor
- PTCS Sizing/Heat Loss Calculator provided from your contractor
- AHRI Certificate

Basic Heat Pump Qualifications

- Available for new construction, existing single-family and manufactured homes.
- Newly installed air-source heat pump must be AHRI performance certified with an 8.2 HSPF/14 SEER.
- Manufacturer claims of “equivalent to AHRI certified equipment” will not be accepted.
- Must be Energy Star qualified and installed and tested by a Performance Tested Comfort Systems (PTCS) certified technician.
- When a home is hydronically heated, an electric resistance water heater is considered equivalent to an electric furnace.
- Equipment sizing documentation required by IPL from the technician.
- Cannot be claimed in combination with any other heat pump measure.

High Efficiency Heat Pump & Variable Speed Heat Pump Qualifications

- Available for new construction, existing single-family and manufactured homes.
- ***Upgrades** include replacing an existing heat pump, adding a heat pump to a non-electric heating system (i.e. gas, oil, propane, wood) replacing the heat pump portion of a ground source heat pump system, or upgrading from zonal to air-source heat pump
- When a home is hydronically heated, an electric resistance water heater is considered equivalent to an electric furnace.
- Newly installed air-source heat pump must be AHRI performance certified with a 9.0 HSPF/14 SEER or better.
- Manufacturer claims of “equivalent to AHRI certified equipment” will not be accepted.
- Must be Energy Star qualified and installed and tested by a Performance Tested Comfort Systems (PTCS) certified technician.
- Equipment sizing documentation required by IPL from the technician.
- Cannot be claimed in combination with any other heat pump measure.
- For Ground Source Heat Pump information, please call **(509) 789-1801**

I understand my contractor must supply all required documentation before rebate can be processed.

I have read and accept all requirements for my heat pump.

Terms & Conditions

Completed application must be received within 90 days of the installation date to be considered for an incentive. Homeowners must comply with all applicable codes and regulations. Limit one per household. Available to all active Inland Power & Light (IPL) members. Rebate pay out/amount not to exceed cost on invoice. If account is past due, the rebate will be applied to the past due balance. IPL reserves the right to inspect installation and will coordinate inspection as applicable. IPL is not responsible for any part of the appliance maintenance, power consumption, or any and all implied warranties (including but not limited to implied warranties or merchantability or fitness for a particular purpose) and shall not be responsible for any representation or promise with respect to the equipment, materials or labor required for the installation of the appliance on the premises, or the cost of such equipment, materials and labor. Additional conditions may apply. I authorize IPL to release my member account information, including my billing and energy usage information, to an independent third-party evaluator solely for the purposes of evaluation this rebate program, confirming energy savings and other quality assurance purposes. The disclosure of your private information will comply with IPL's privacy policy and state regulation. By signing below, the member implies that all information provided is true and accurate to the best of their knowledge.
