# INSTALLATION CHECKLIST

(Complete in addition to the manufacturer's checklist)

Follow the manufacturer's installation instructions **exactly**. Failure to do so will result in disqualification from the program, may void the manufacturer's warranty, and may result in lower than expected energy savings.

- There is adequate clearance to remove the air filter
- Earthquake strapping is installed
- Installation complies with code
- Condensate line drains at a slope to a drain or pump
- Homeowner is aware of cooling effect and noise levels to expect in the installation area
- Homeowner understands maintenance requirements
- Homeowner understands the safety instructions
- Temperature and pressure relief valve is properly installed and not plugged

## step 4 Attach the following:

- Copy of the final invoice or receipt
- A completed copy of the manufacturer's installation checklist is included with this application

### GENERAL QUALIFICATIONS

- Except in new construction homes, only heat pump water heaters replacing existing electric tanks are eligible.
- Rebate application must be submitted within 90 days of installation
- Qualifying electric equipment must be installed in IPL's electric service area
- Applies to existing single family properties or individually metered attached housing with four units or less. Multi-family and commercial accounts will not qualify (call for further details).
- Must install to comply with all federal, state and local code requirements.
- Allow 4-6 weeks for processing.

## step 5 Sign the terms & conditions

(Both signatures are required. If installed by the homeowner, the homeowner must also sign the installer section). I acknowledge that the product(s) described above have been purchased and installed at the location indicated. I understand that IPL provides the rebate incentives for measures that are designed to save energy but I acknowledge that estimated energy savings are not guaranteed and I understand that IPL has made no express warranties or representations with regard to these products or their installation. I acknowledge that I am responsible for meeting applicable code requirements, determining the adequacy of installation, and paying all amounts owed to contractors/suppliers. Further, I understand that this is a tariffed service and subject to change or termination without prior notice. IPL reserves the right to inspect any installation prior to rebate approval and/or after rebate payment and I agree to provide IPL reasonable access for such purposes. I authorize IPL to release my customer account information, including my billing and energy usage information, to an independent, third-party evaluator solely for the purposes of evaluating this rebate program, confirming energy savings and for other quality assurance purposes. The disclosure of your private information will comply with IPL's privacy policy and state regulation.

By signing below, installer certifies that this form and any accompanying documentation are complete and accurate; that all measures associated with this project were completed as of the signature date below; that all equipment was installed according to the manufacturer's specifications and any additional specifications required by Bonneville Power Administration; and that unit is functional and operational prior to submission of this rebate form.
